BSI GROUP

Company Profile

BANGKOK STEEL INDUSTRY GROUP

**BANGKOK STEEL INDUSTRY PUBLIC
COMPANY LIMITED**

Registered Capital

: Bath 4,000 Million

Date of Establishment

: December 17, 1964

Homepage

: <http://www.bangkoksteel.co.th>

Address

: 27 Moo 10 Soi Klubcharoen,
Poochaosamingprai Road,
Bangyapraek, Phrapradaeng, Samut
Prakan 10130

**RATCHASIMA STEEL PRODUCTS
COMPANY LIMITED**

Registered Capital

: Bath 3,500 Million

Date of Establishment

: July 26, 1995

Homepage

: <http://www.ratchasimasteel.co.th>

Address

: 269 Moo.1, Mittraphap Road,
Tambol Kok-KruadAmphur Mueang,
Nakhon Ratchasima , 30280

**ASIAN WIRE PRODUCTS COMPANY
LIMITED**

Registered Capital

: Bath 120 Million

Date of Establishment

: March 16, 2004

Homepage

: <http://www.awp.co.th>

Address

: 269 Moo.1, Mittraphap Road,
Tambol Kok-KruadAmphur Mueang,
Nakhon Ratchasima , 30280

**TREEMIT MARKETING COMPANY
LIMITED**

Registered Capital

: Bath 60 Million

Date of Establishment

: April 4, 1983

Homepage

: <http://www.treemit.co.th>

Address

: 27 Moo 10 Soi Klubcharoen,
Poochaosamingprai Road,
Bangyapraek, Phrapradaeng, Samut
Prakan 10130

Company History

year	History
1964	Bangkok Steel Industry Co., Ltd. was established with a business purpose to be a rolling mill for steel bar.
1973	Installing 2 sets of 25-ton Electric Arc Furnaces including SOE from Taiwan and DEMAG from Germany.
1978	Metro Group became a major shareholder and the existing rolling mill was improved by increasing production capacity to 200,000 tons per year.
1983	Nissho Iwai Corporation Ltd. and Nomura Trading Co., Ltd. Joined the business and became shareholders to construct a galvanized steel sheet factory using technology called continuous galvanizing process by John Lysaght, Australia.
1984	Extending business to cover providing steel fabrication as per customer requirements.

year

History

1987

Commencing a business of production and trading hoist and cranes representing Kone Cranes brand from Finland.

1991

- Listing in Stock Exchange of Thailand with a registered capital of Baht 800 Million in order to encourage public participation in “BSI”, the abbreviation of the company.

- Initiating a production of prepainted galvanized steel sheet with purlins, a roofing product namely Scanroof from Sweden.

1992

- The second factory of continuous galvanizing line was added and equipped with a technology from Yodogawa , Japan boosting production capacity of galvanized steel sheet to be 120,00 tons per year.

- Constructing a prepainted steel sheet factory or color-coating Line (CCL) with production capacity up to 25,000 tons per year powered by Igeta, Japan.

- Expanding steel fabrication to the factory at 62nd Kilometre, Amphur Wannoi, Ayudhaya province to serve an increase in customer requirements.

1993

Adding another rolling mill powered by superb technology by Danieli, Italy making the total capacity at Sumutprakarn factory to be 500,000 tons per year.

year

History

1995

- Raising the paid-up registered capital to Baht 1,600 million.
- Expanding steel bar and galvanized steel sheet factory to Nakorn Ratchasima province under the company named BSI Construction Steel Co.,Ltd. (subsequently changed to Ratchasima Steel Products Co.,Ltd.) The company was incorporated with a rolling mill for steel bar and wire rod with production capacity up to 500,000 tons per year, powered by Danieli, Italy and a galvanized steel sheet line equipped with technology from Nippon Steel, Japan generating capacity up to 160,000 tons per year.

2004

Expanding business into downstream markets by manufacturing products such as various types of nails, barbed wire, annealed wire, galvanized steel wire with a combined production capacity of 120,000 tons per year with the machine by Tanisaka, Japan and cold-drawing machine from MFL, Italy.

2012

Starting business representative of hoist and crane under brand “SWF KRANTECHNIK” from Germany, the same group as KONECRANES.

2013

Improving output quality of melt shop by installing 25-ton Ladle Furnace by Danieli, Italy.

2015

Inaugurating a production of galvanizing mixed with aluminum steel sheet (Galvalume) at Nakorn Ratchasima factory with Nippon Steel technology from Japan.
